

Clinical trials of CRT with triple site ventricular stimulation

TrialResults-center www.trialresultscenter.org

1 heart failure

Trial	Treatments	Patients	Trials design and methods
CRT with triple site ventricular stimulation vs conventional cardiac resynchronization			
NCT00887237 <i>ongoing</i> n=NA follow-up:	CRT with triple site ventricular stimulation versus Conventional cardiac resynchronization	patients with NYHA Class III/IV heart failure	Parallel groups open

More details and results :

- resynchronization (CRT) - defibrillators (ICD) for heart failure in all type of patients at <http://www.trialresultscenter.org/go-Q104>
