

# Clinical trials of TandemHeart

TrialResults-center [www.trialresultscenter.org](http://www.trialresultscenter.org)

## 1 acute myocardial infarction

Trial	Treatments	Patients	Trials design and methods
<b>TandemHeart vs intra-aortic balloon pump</b>			
<a href="#">Thiele , 2005</a> n=21/20 follow-up:	TandemHeart versus intra-aortic balloon pump	patients in cardiogenic shock following acute myocardial infarction	open
<a href="#">Burkhoff , 2006</a> n=19/14 follow-up:	TandemHeart versus intra-aortic balloon pump	patients within 24 hours of developing cardiogenic shock	open

More details and results :

- percutaneous left ventricular assist devices for acute myocardial infarction in cardiogenic shock at <http://www.trialresultscenter.org/go-Q352>
