

Clinical trials of flurbiprofen

TrialResults-center www.trialresultscenter.org

1 acute myocardial infarction

Trial	Treatments	Patients	Trials design and methods
flurbiprofen vs placebo			
French , 1993 n=234/230 follow-up: 6m	flurbiprofen 50 mg twice daily versus placebo	patients successfully treated for acute MI by thrombolysis and/or coronary angioplasty within 6 h of onset of symptoms	Parallel groups double blind

More details and results :

- antiplatelets drug for acute myocardial infarction in all type of patients at <http://www.trialresultscenter.org/go-Q390>

2 acute coronary syndrome

Trial	Treatments	Patients	Trials design and methods
flurbiprofen vs placebo			
French , 1993 n=234/230 follow-up: 6m	flurbiprofen 50 mg twice daily versus placebo	patients successfully treated for acute MI by thrombolysis and/or coronary angioplasty within 6 h of onset of symptoms	Parallel groups double blind

More details and results :

- antiplatelets drug for acute coronary syndrome in STEMI patients at <http://www.trialresultscenter.org/go-Q564>

3 thrombosis prevention

Trial	Treatments	Patients	Trials design and methods
Flurbiprofen vs no treatment			
Mocris-C , 1977 n=20/20 follow-up:	Flurbiprofen versus control	elderly patients with hip fractures	Parallel groups open

More details and results :

- antithrombotics for thrombosis prevention in orthopedic surgery at <http://www.trialresultscenter.org/go-Q37>
- antiplatelets drug for thrombosis prevention in orthopedic surgery at <http://www.trialresultscenter.org/go-Q186>
